

## BUSINESS ACTIVITY 2

### POSSIBLE BUSINESS IDEAS

You can list as many ideas as you can think of, but start by trying to list 12 business ideas below.

1.	2.	3.	4.
5.	6.	7.	8.
9.	10.	11.	12.

The Idea Display Chart\* below has 2 axes. The horizontal axis measures how easy an idea is to do from really difficult to really easy. The vertical axis measures how excited and passionate you are about an idea from not excited to really excited. For the ideas you've listed above, try placing each one on the chart (you can just write the idea number or the name of the idea).

Which 3 ideas are you most passionate about and are easiest to start?

1. \_\_\_\_\_ 2. \_\_\_\_\_ 3. \_\_\_\_\_
